

WORLDWIDE LEADING PLAYER IN THE STONE BUSINESS

dimpomar is today one of the leading players worldwide in the Stone business. We have been shaping Nature into architecture and lifestyle since 1980. We have the experience to source Natural Stone from Portugal and around the World; the knowledge, technology and craftsmanship to fabricate it... and just the right people to accompany you through the process. At dimpomar we believe in hard work, commitment and quality, with an efficient service, a touch of luck... and a beautiful outcome. Since 1980, always trying to be one step ahead.

We are proud to say that dimpomar's imprint is global. Our projects are present in the 5 continents, we export regularly to more than 40 countries and we import and stock from over 15 countries. It will be an honor to take our signature to your project too.

OUR FACTORY

dimpomar's main factory and headquarters are in Vila Viçosa, Portugal. We also have a production unit and warehouse at Pêro Pinheiro, great Lisbon area.

Throughout the years dimpomar has constantly invested in modern equipment, innovative tools, ground-breaking finishes,... and many ingenious ways to achieve prescribers' ideas.

dimpomar factories are well equipped in machinery and technology. Our team includes experienced craftsmen with over 30 years in house, and a younger crew who friendly-uses industry 4.0.

We are highly qualified fabricators and experts in Natural Stone from Portugal and around the World.

Our factories and production capacity are our clients' partners, and you are welcome to visit us.
