

Xiamen Nishi Group Co., Ltd. was founded in 2012. After nearly ten years of rapid development, it has become a collection of stone production and processing, import and export trade and modern logistics as one of the comprehensive large-scale industrial and trade integration of stone industry group.

The group has invested in the construction of two large-scale stone production and processing plants in Macheng, Hubei Province, including the granite processing plant covering 38,000 square meters - Macheng Feiying Stone Industry and the granite processing plant covering 40,000 square meters – Macheng XinFeiying Stone Industry.

The group has a mature sales team and hundreds of skilled production line technicians. Guided by customer needs, the group constantly innovates production technology to provide customers with better and higher quality products.

From the material carefully selected, to the big slabs cutting; From micron scale calibration, to modern assembly line secondary processing;

Every link embodies the wisdom and sweat of Nishi people. Advanced production equipment, to ensure that in the process of feeding and processing, greatly reduce the traditional processing mode caused by environmental pollution, to ensure that the processing workshop is environmentally friendly and clean, to maintain the health of employees.

At the same time, the factory also actively invested in technology research and development, specially set up a research group to study the stone surface treatment technology, and the related technicians to carry out strict technical training, greatly improved the stone processing technology level.

Through layers of control, to ensure the quality of products, the factory has passed ISO9001:2015, 2016 quality management system certification.

The group will continue to practice the development strategy of "based on domestic, expand to the global market", in line with the principle of "customer and reputation first", wholeheartedly provide customers with the most perfect and professional service, and make every effort to promote the steady and rapid development of the enterprise toward the vertical deepening direction of stone industry, and gradually create a more magnificent future!

Nishi group is willing to work with you to create a win-win stone industry mode!
