

ABOUT US

Vision and Mission 

Giannakis Marble Co is one of the leading companies in region of Drama and one of the most well established companies in Greece. It has been established **since 1977**.

Giannakis Marble is a continually growing company with great potentials in marble industry. Its activities are mining and processing marble in **blocks, slabs** and different dimensions (as requested).

Giannakis Marble Co is mainly an exporting company. Dealing with countries that set high quality standards Giannakis Marble Co has gained an outright experience both in marble industry and in exporting. Its extraversion with other countries enhanced our company's traits and know-how.

Thus, achievement of high quality products and high quality service are some of our primary goals which are attained through a constant renewal of our machines, continuous expansions according to the company's needs in plant and machinery, regular and approved quality checks and employment of experienced staff
