MATERIALS

AURORA WHITE QUARTZITE

Aurora White is a white quartzite with caramel veins slightly spaced out. It also features subtle blue nuances that are distributed throughout the material, adding an additional touch of character and depth

Own Quarry
Mined in: Paratinga, BA, Brazil
Applications

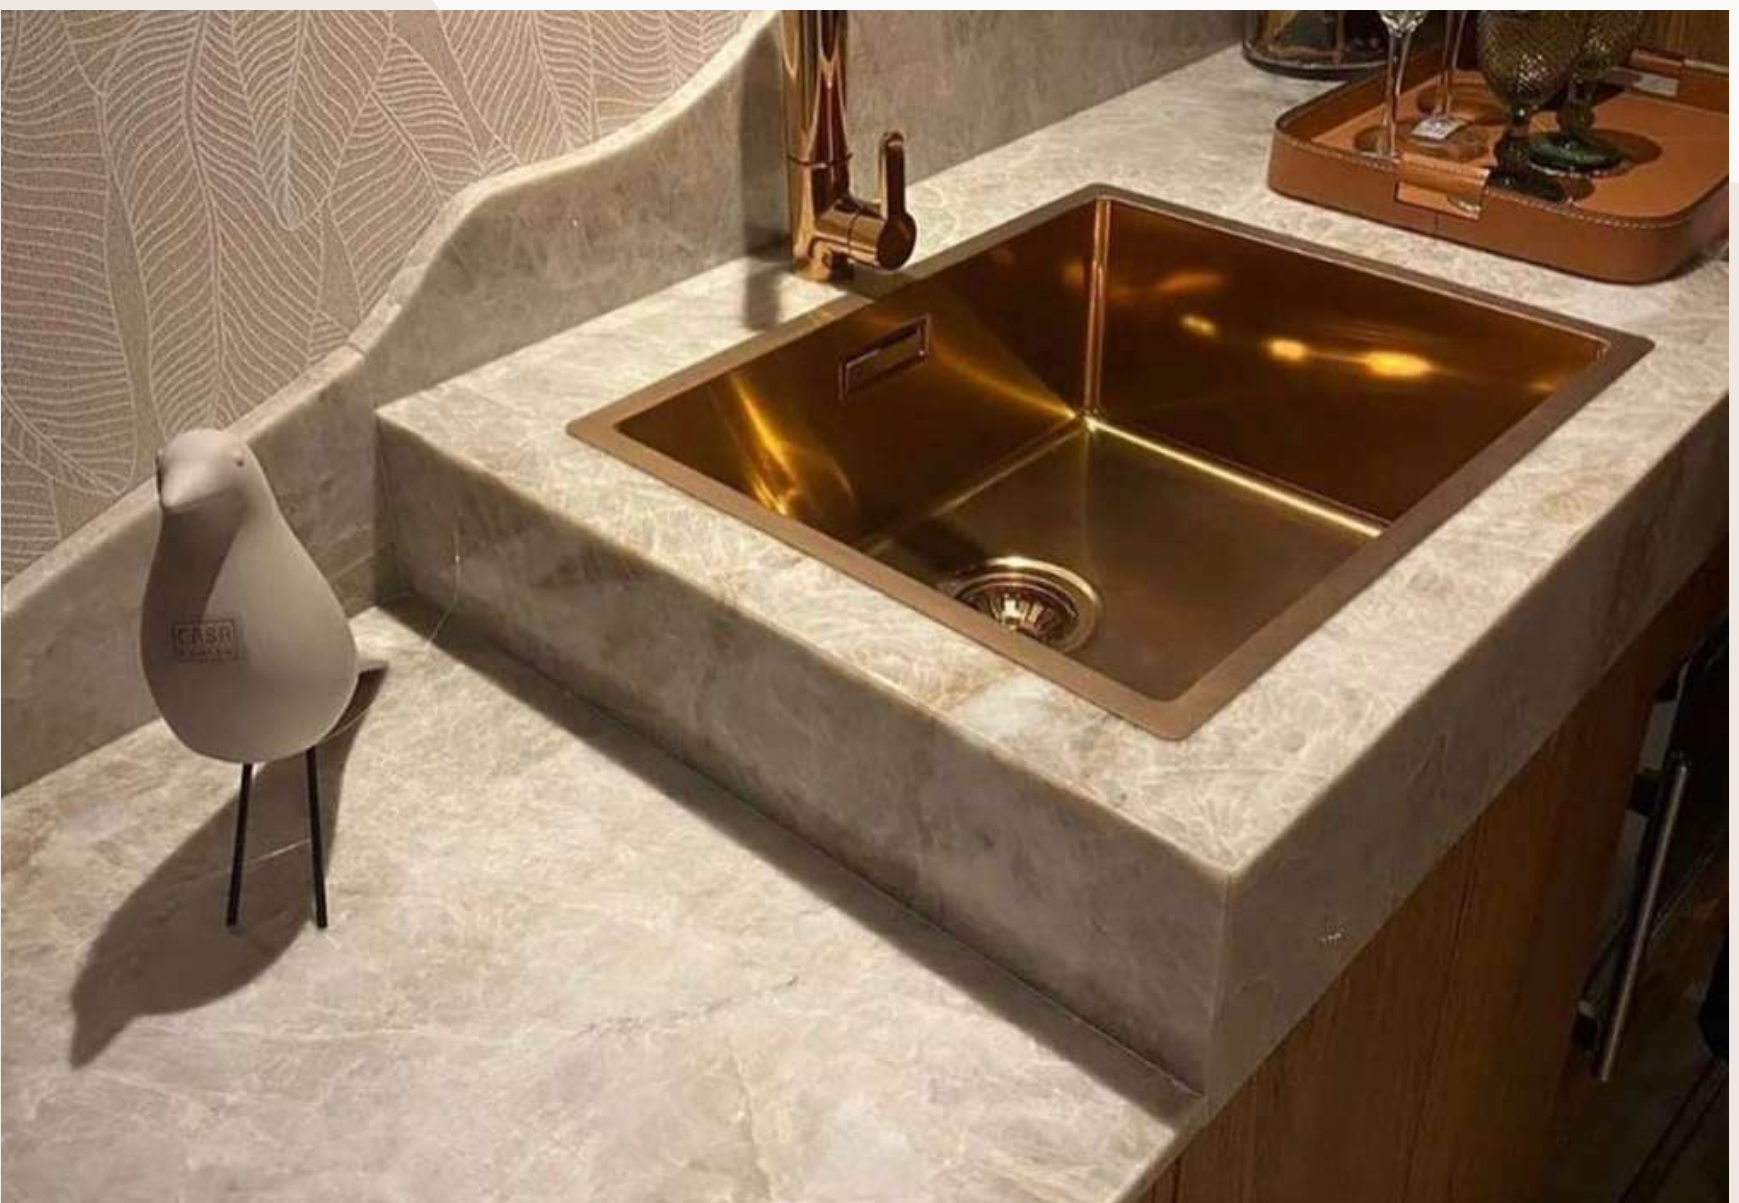

AVOHAI QUARTZITE

Originated in the State of Ceará, a region of exotic and diverse geology. This material is formed mainly by quartz crystals, with an equidimensional tendency, according to a homogeneous movement of undulations

Own Quarry
Mined in: Santana do Acaraú, CE, Brazil
Applications

WHITE SPRING GRANITE

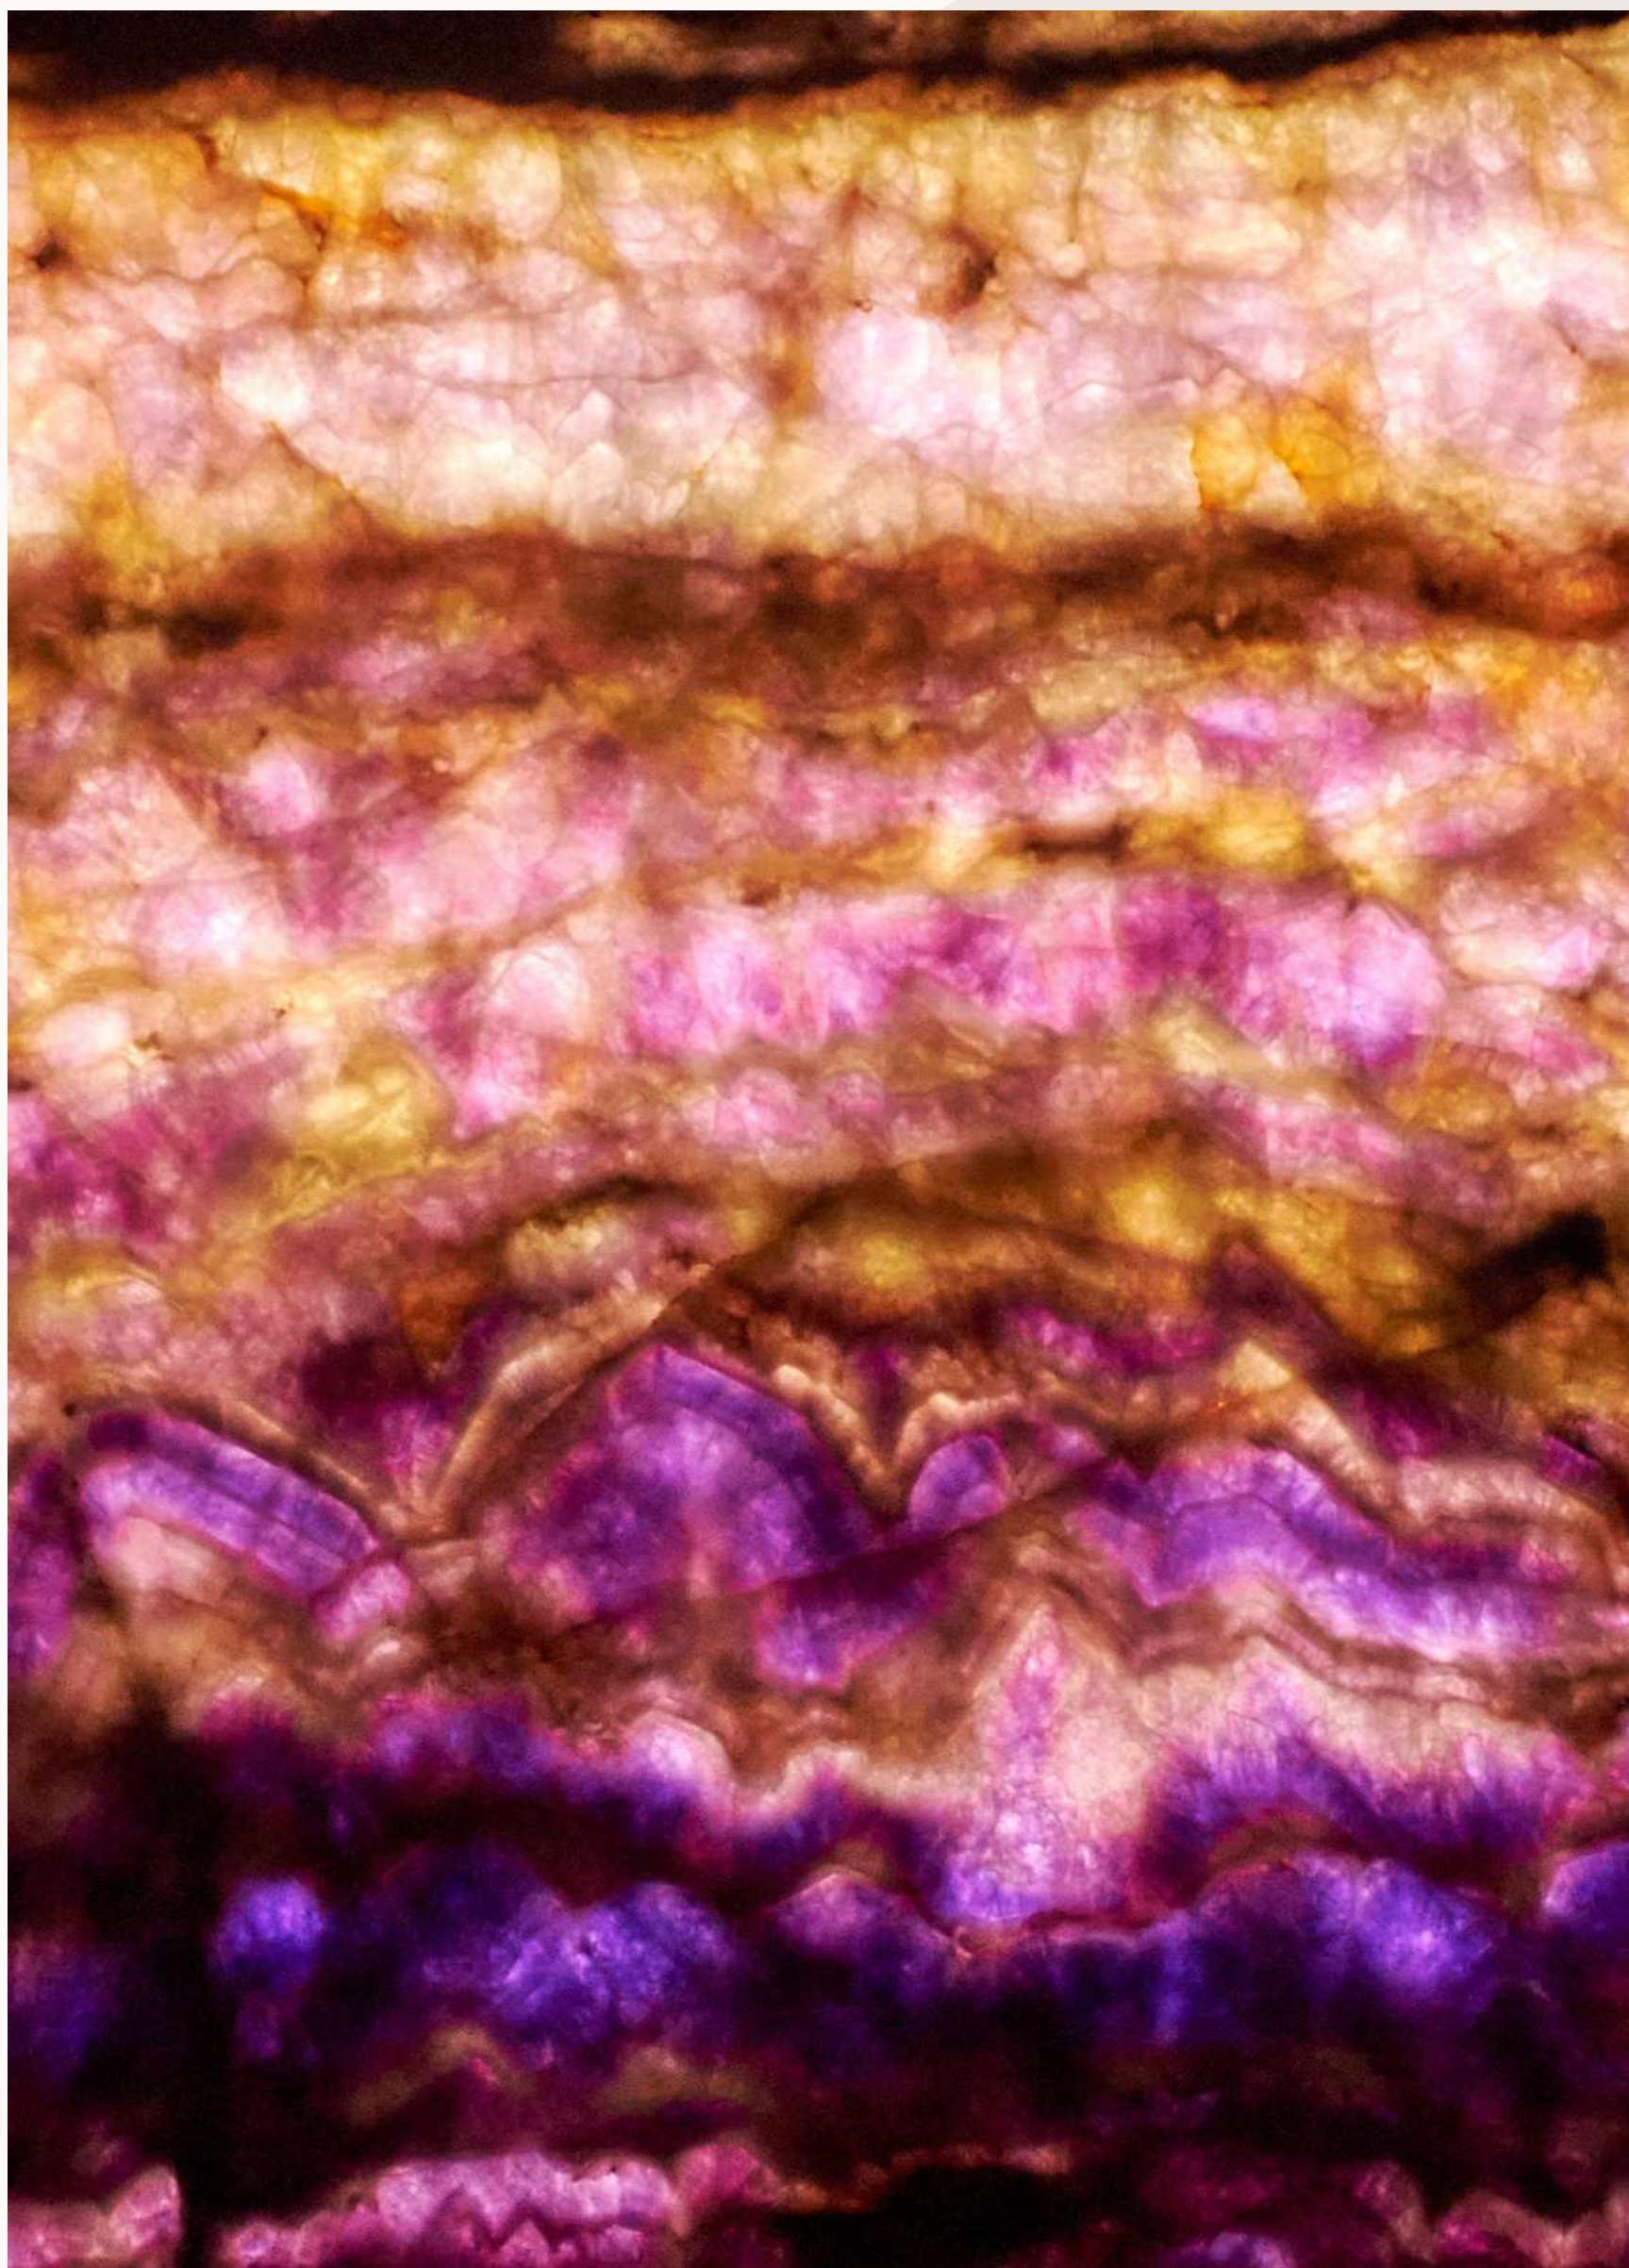

In the heart of nature, time has crafted a
masterpiece – White Spring Granite
With grace and endurance, it has been thriving
for 22 years, revealing its unique beauty and
exclusive allure to many countries in world

Own Quarry
Mined in: Itinga, MG, Brazil
Applications

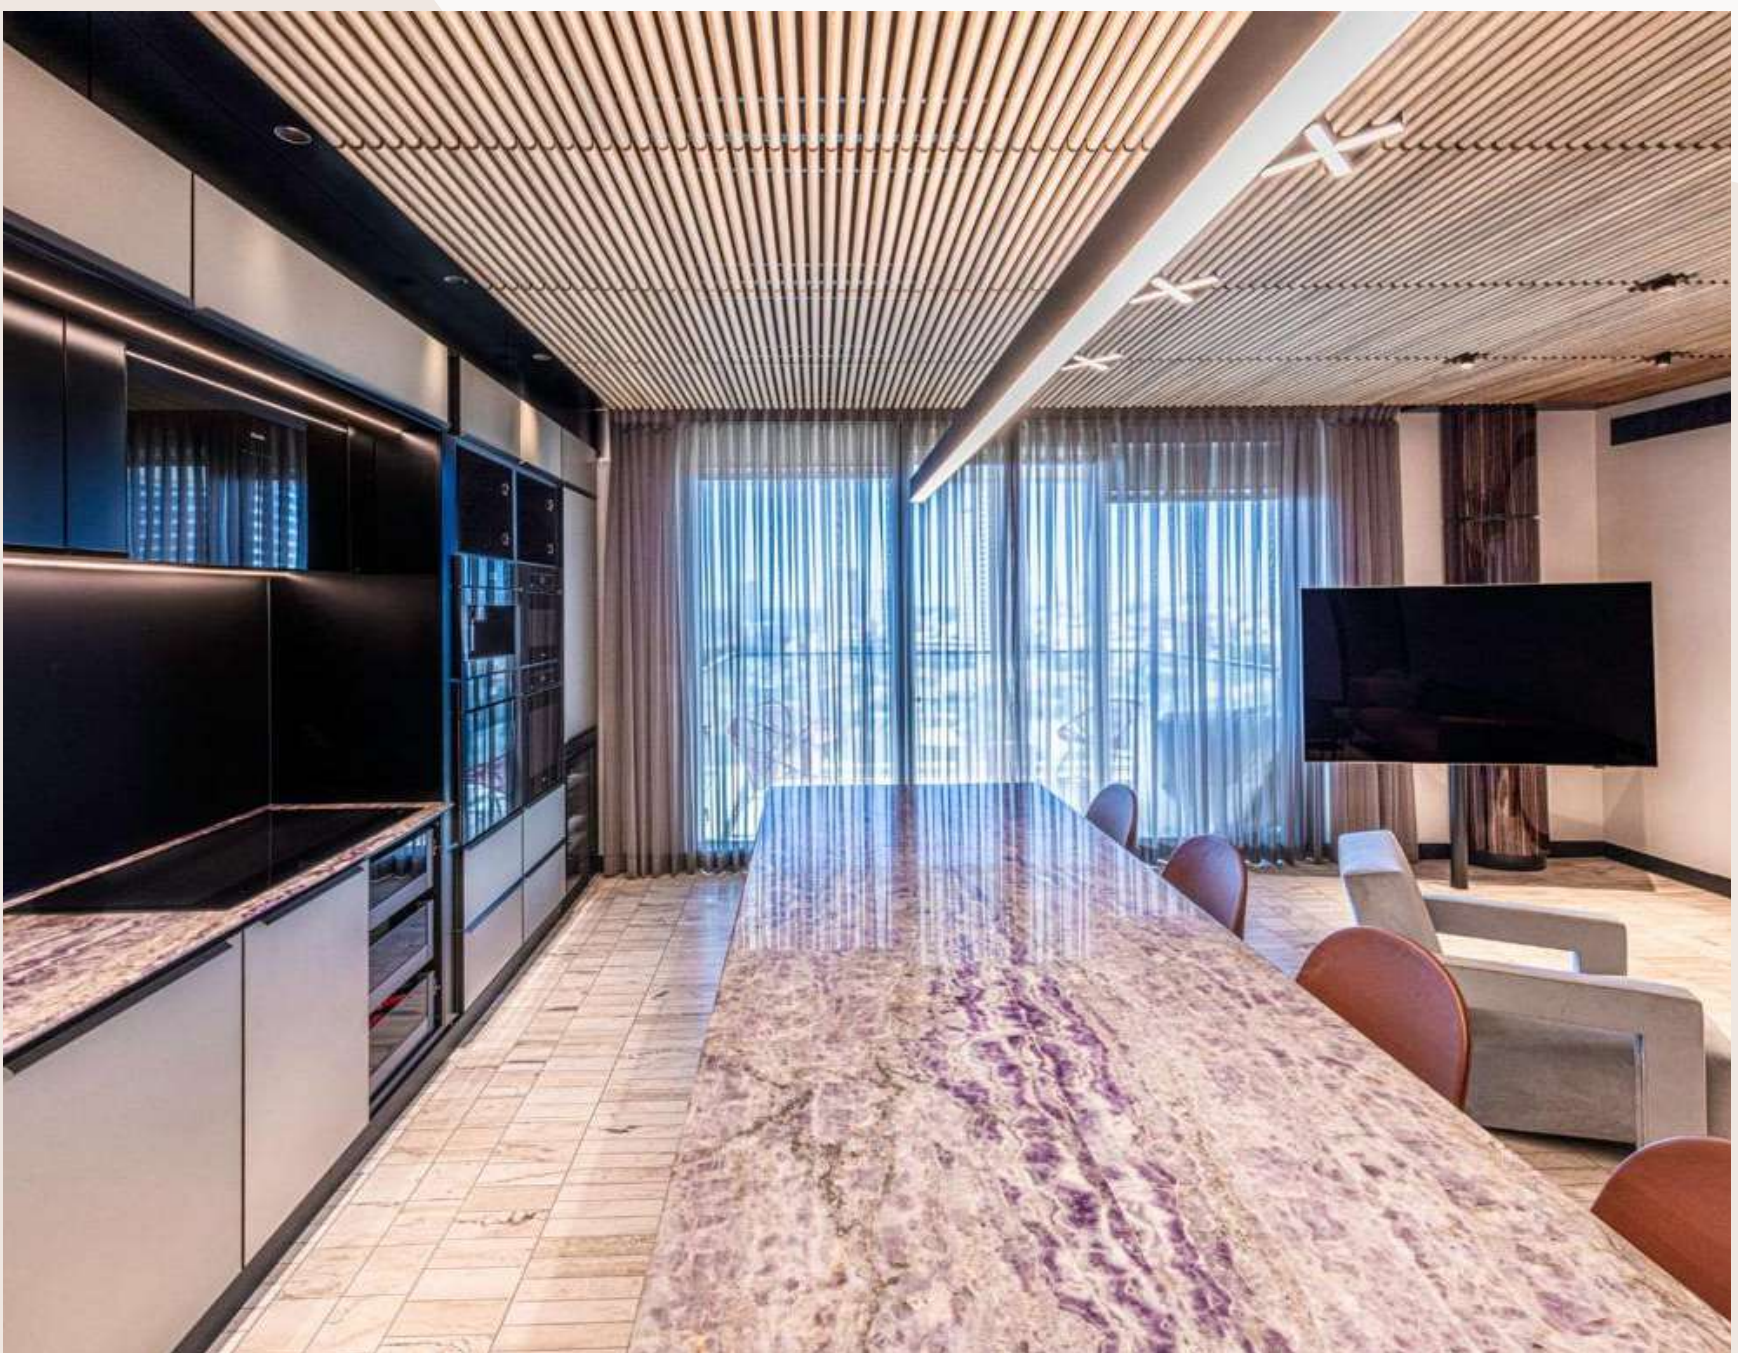

AMETHYST CRISTAL

Immerse yourself in a world of breathtaking beauty and sophistication. Our Amethyst collection showcases the perfect blend of artistry and nature's wonders.

Own Quarry
Mined in: Banabuiu, CE, Brazil
Applications

AURORA DIAMOND

Aurora Diamond Natural cristal of quartz, for sure one of a kind. If you're looking for elegant, luxury and bold projects, we are pleased to provide you always the best

Own Quarry
Mined in: São Domingos, BA, Brazil
Applications

AURORA BLUE QUARTZITE

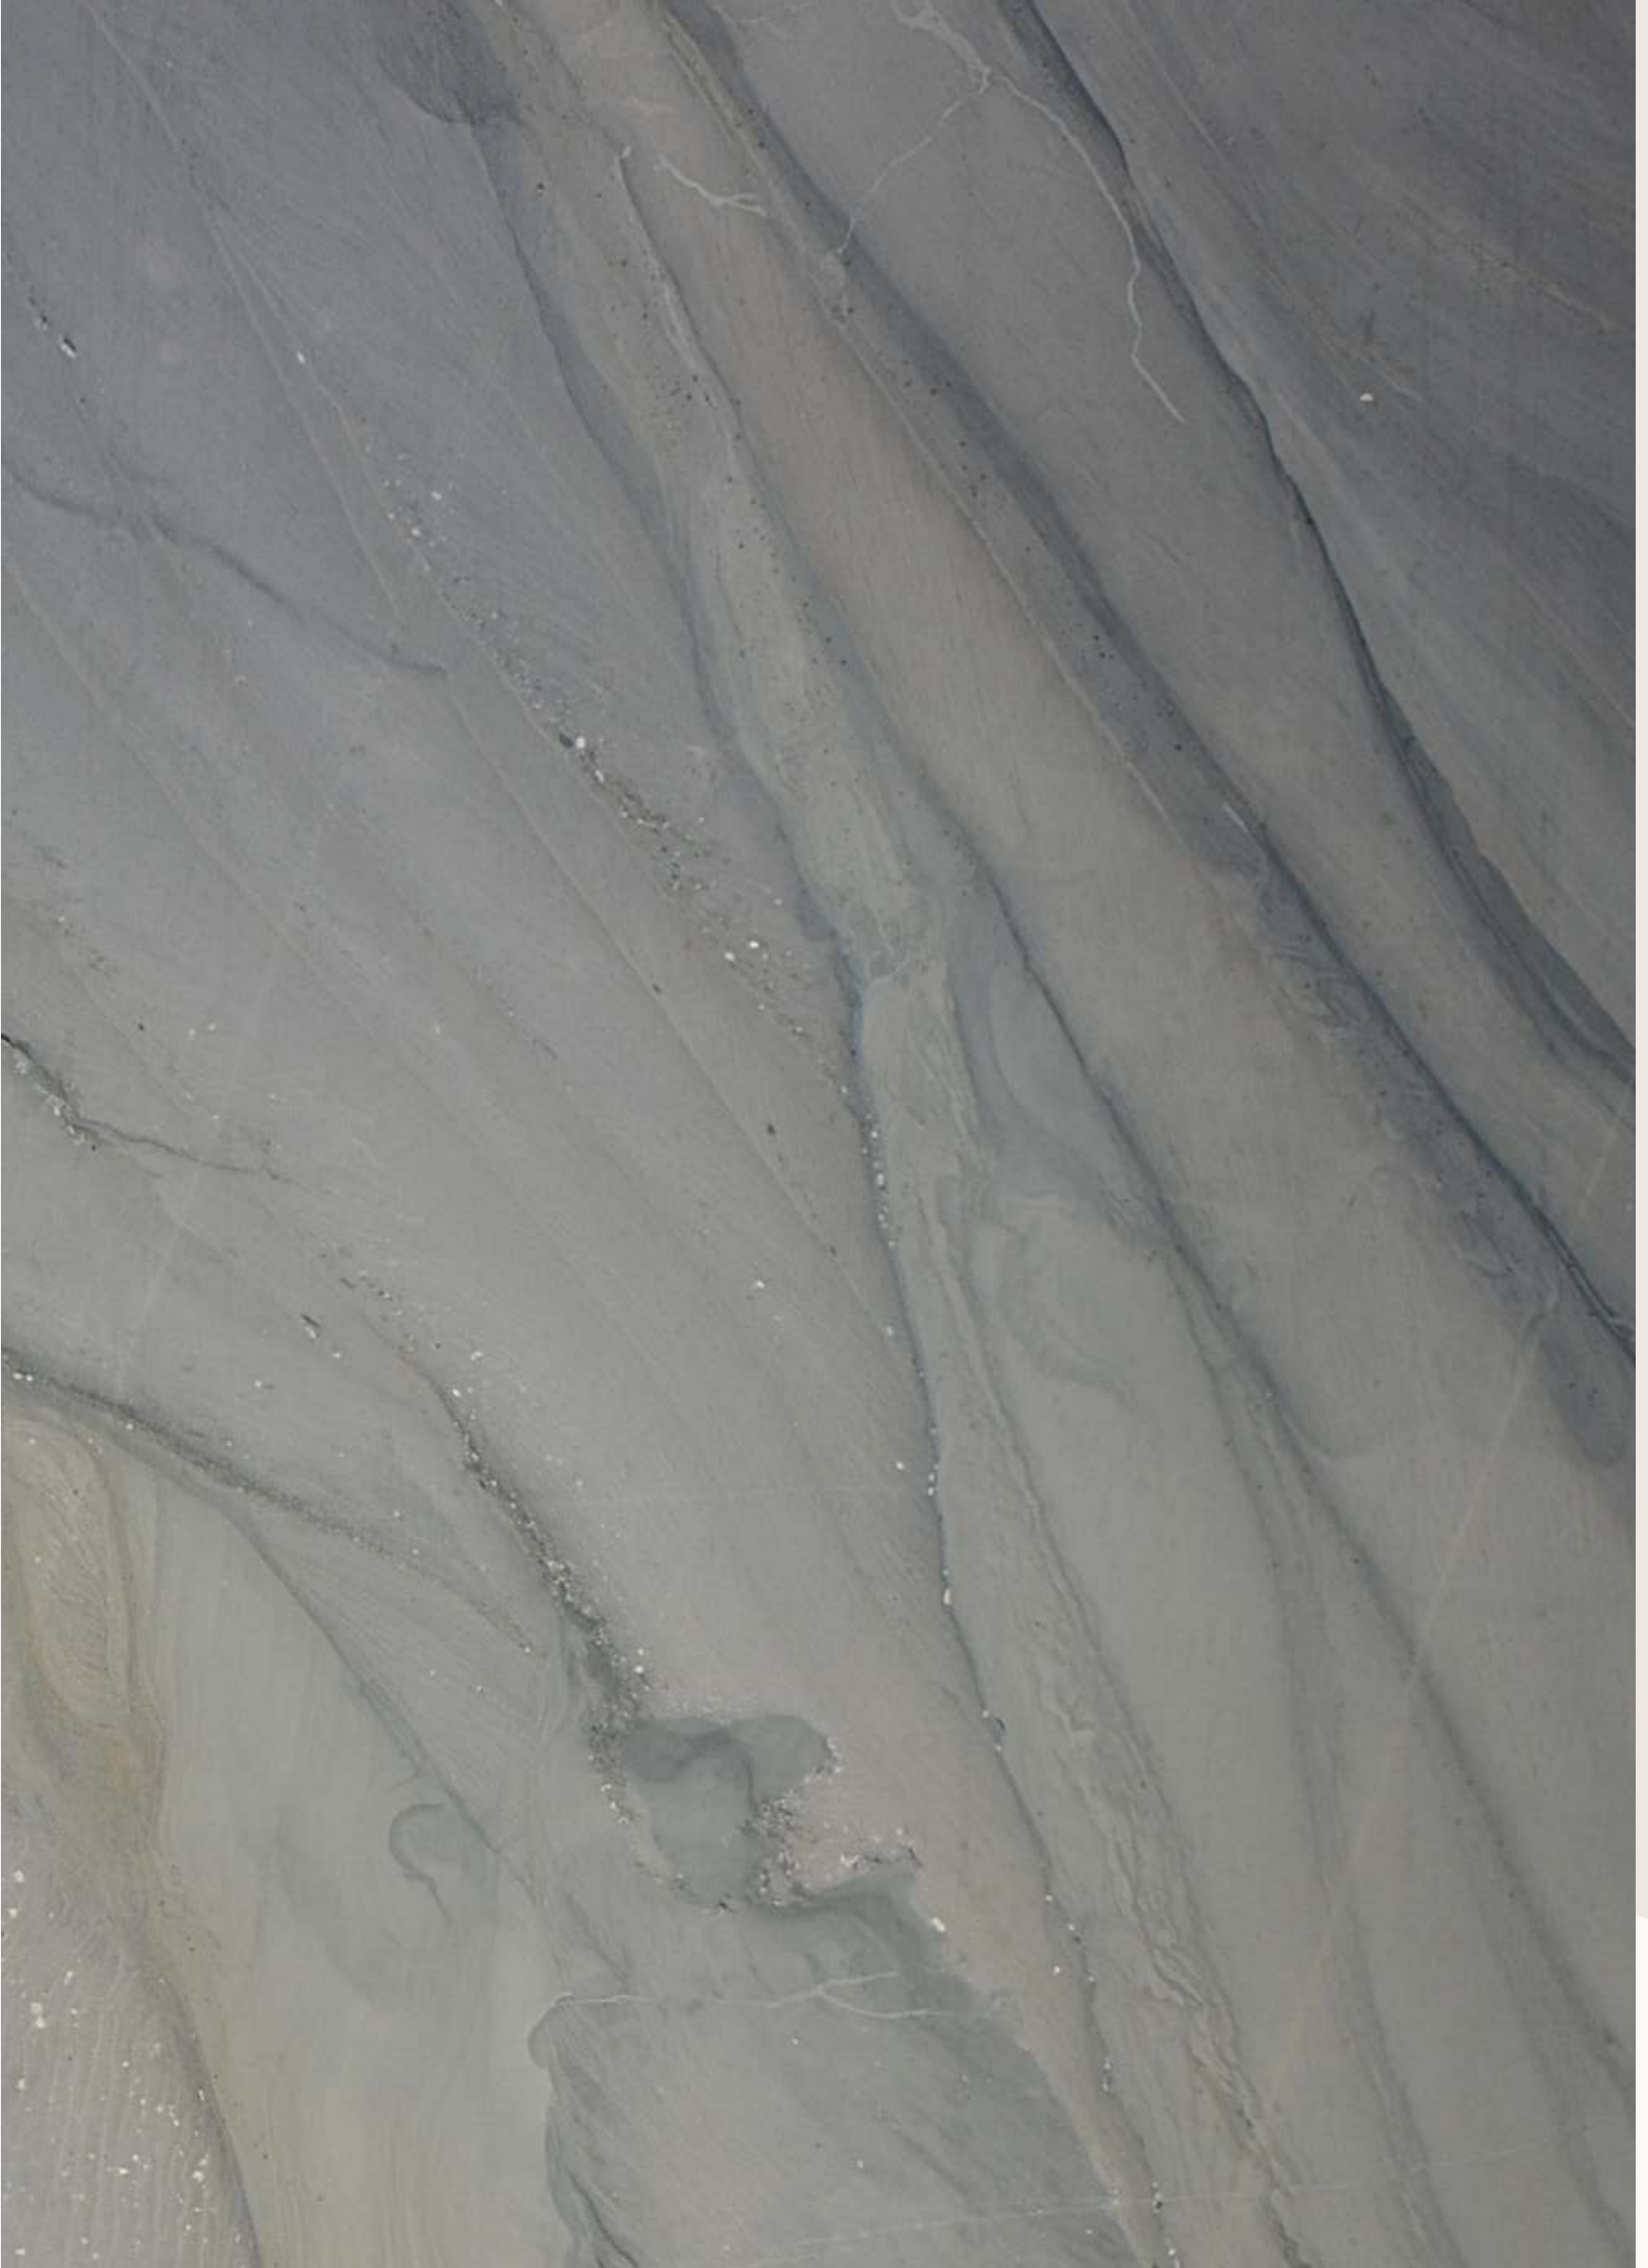

Aurora Blue is a unique quartzite formed under high metamorphic conditions, featuring a predominantly blue coloration with dynamic veins of various shades of blue, white, and a grey background.

Own Quarry
Mined in: Paratinga, BA, Brazil
Applications

AURORA GREEN QUARTZITE

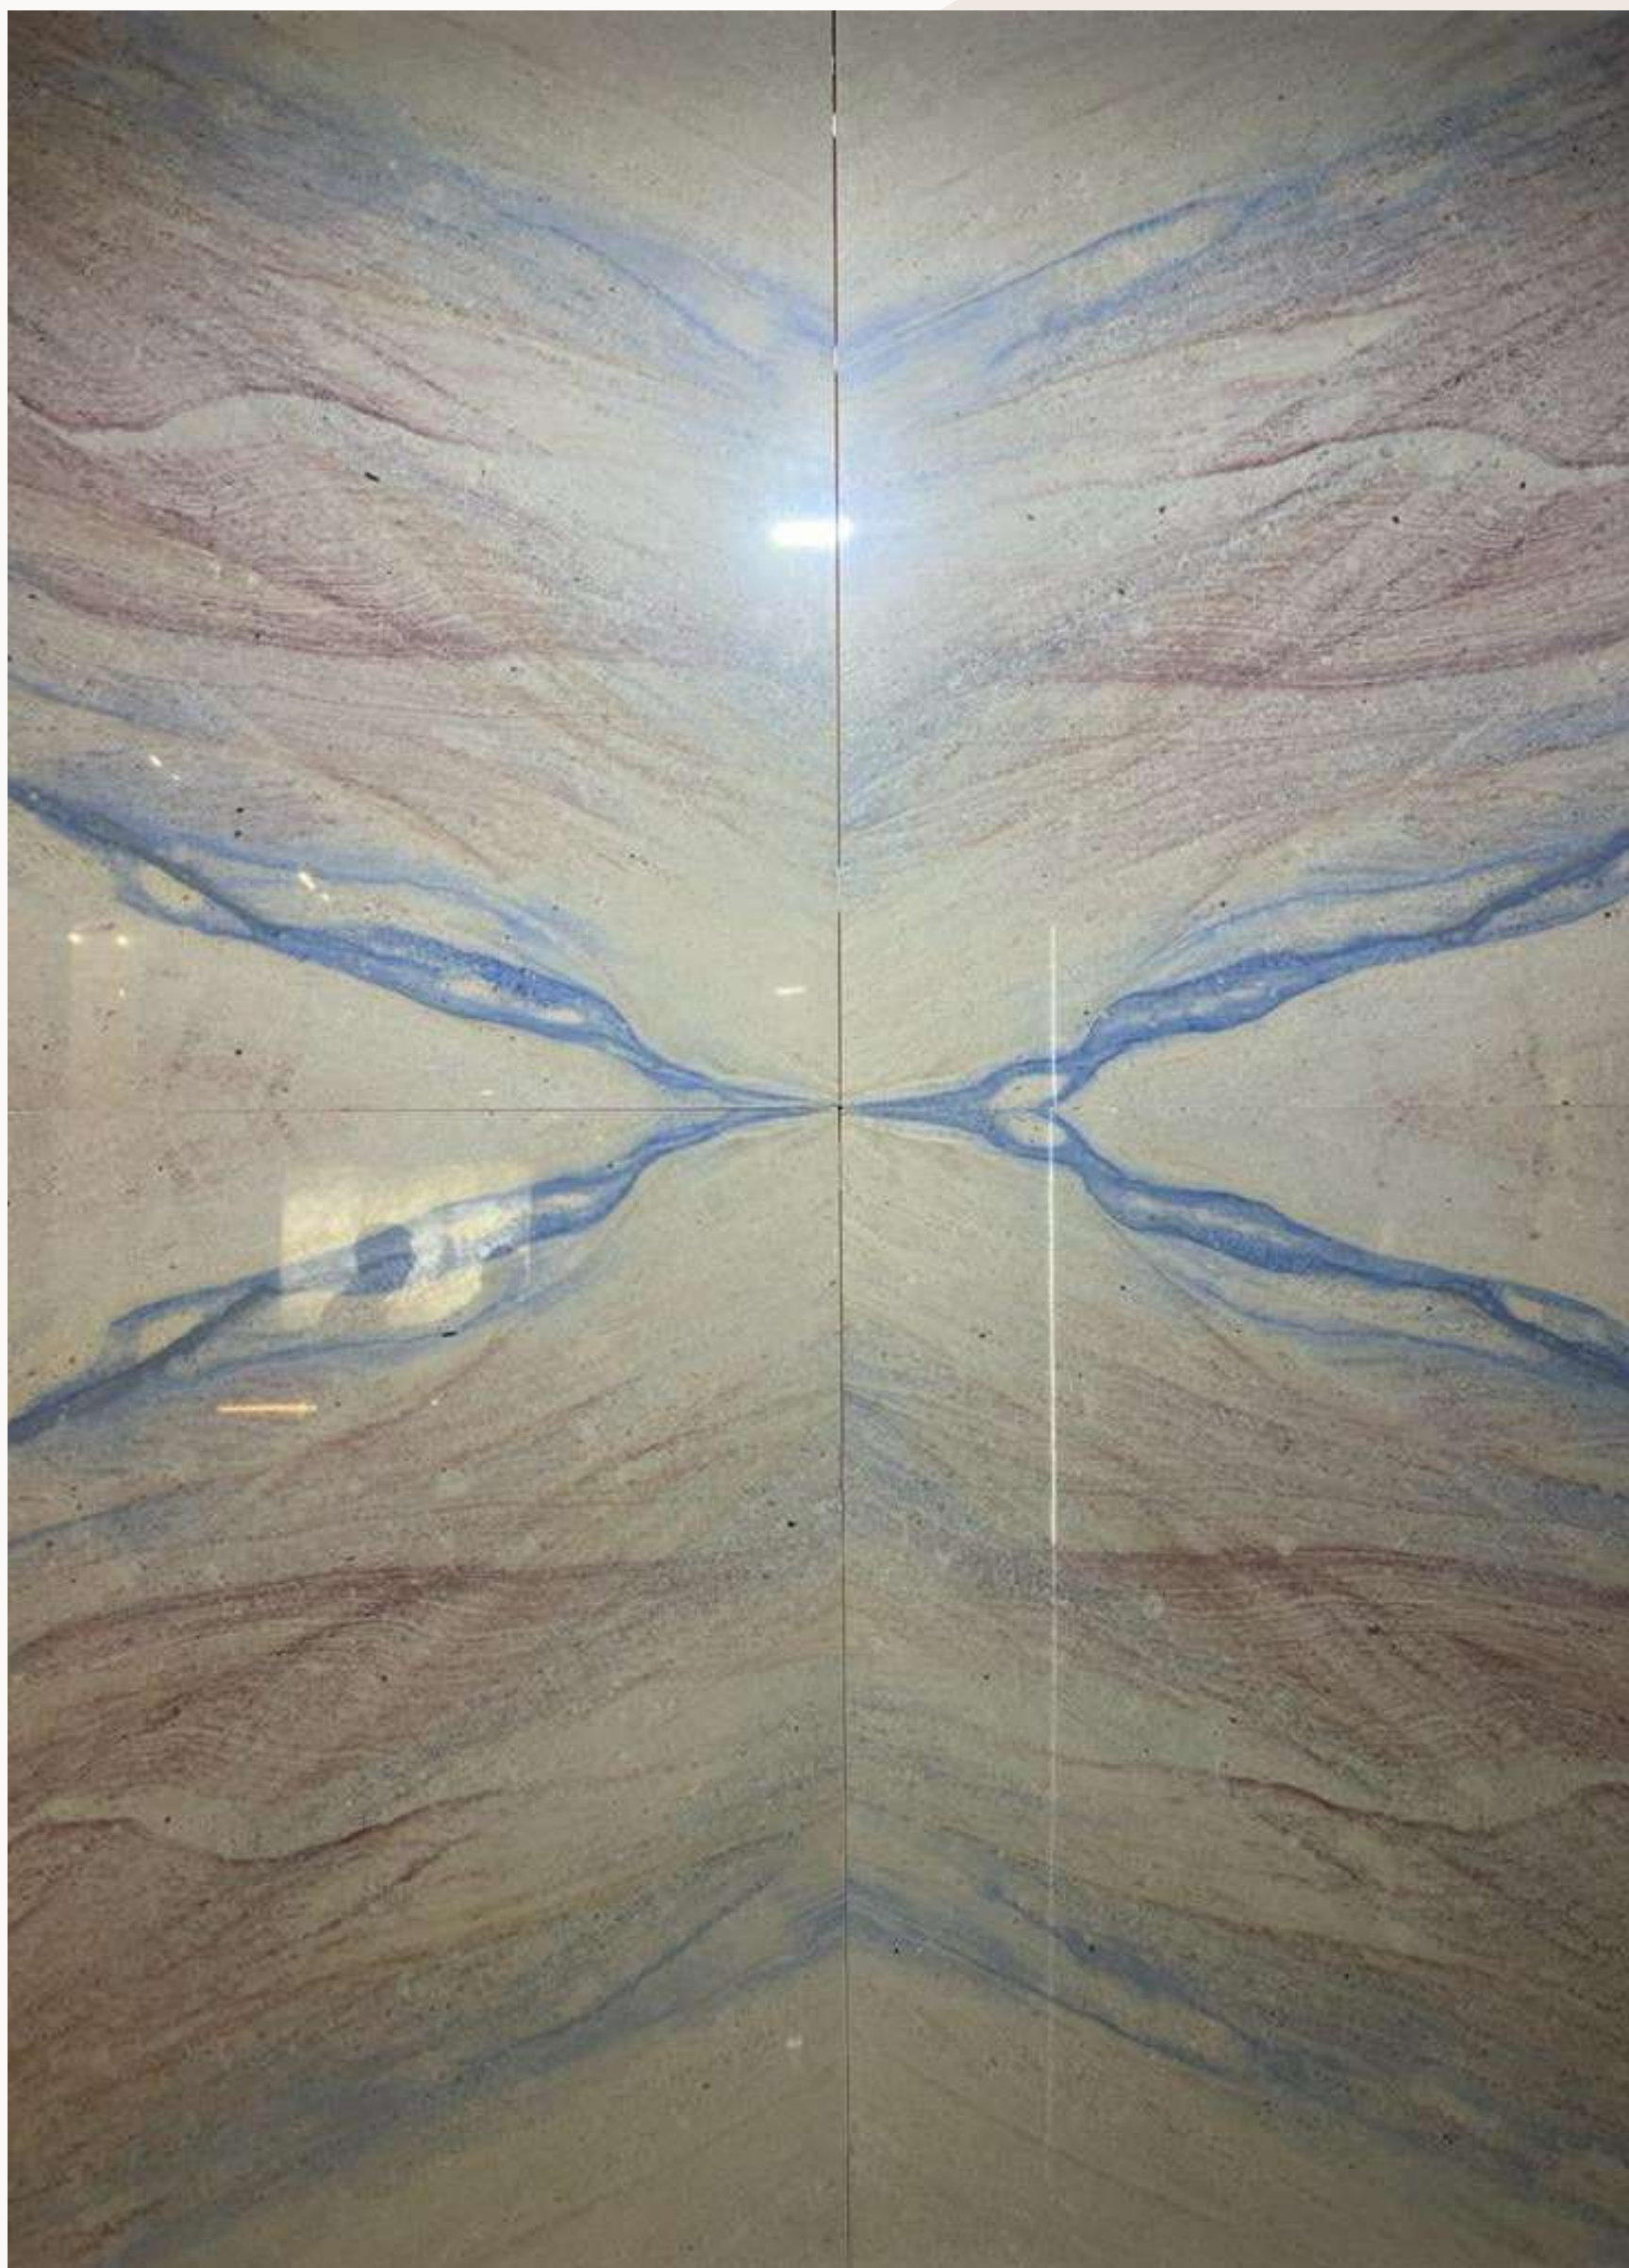

Mined in our own quarry in a region of intense metamorphism, this unique quartzite showcases an enchanting green hue and a beautiful distribution of veins in varying tones and intensities.

Own Quarry
Mined in: Paratinga, BA, Brazil
Applications

AURORA RAINBOW QUARTZITE

Aurora Rainbow is a powerful and exclusive material, which features a unique dance of colors distributed throughout the material.

Own Quarry
Mined in: Paratinga, BA, Brazil
